## Counseling Clients

- Re-registration and application for EAD required to maintain work authorization
- Advise clients of the implications of termination (reverting to prior status, ULP, work authorization, advance parole, state benefits)
- Inform clients to help them make choices
- Screen for other types of relief

## Program Implications

- **See Action Plan in TPS webpage for program management recommendations**
  - Analyze database for TPS holders by nationality;
  - Inform leadership on how each nationality is impacted in legal and social welfare terms;
  - Calculate loss of TPS renewal revenue for budget year and quarter;
  - Ensure all staff and other support people are well-trained for renewals but also screenings for other possible benefits;
  - Open calendar for appointments and group application workshops to conduct screenings and renewals;
  - Consider short-term contract services if staffing needs to increase; and
  - Consult with your CLINIC Field Support Coordinator on program options
