# About CLINIC Convening

The Catholic Legal Immigration Network, Inc. is the largest network of immigration legal services programs in the United States. Each May, we bring together hundreds of legal practitioners, advocates and nonprofit leaders from around the country for our annual CLINIC Convening. It is the only conference that provides a comprehensive education on immigration law, program management and advocacy. Our workshops are led by industry experts who teach learners of all levels how to navigate the United States' complex immigration legal system. We are a primary resource for legal professionals who need training on immigration law, help starting or

improving their legal services program, or support advocating to federal, state or local agencies regarding immigration-related policies and laws. Our staff trains close to 10,000 people per year, in topics ranging from the basics of immigration law to the nuances of representing clients in detention.

By sponsoring our CLINIC Convening 2024, your organization has the unique opportunity to build lasting relationships with our diverse network!
